**Office of the Attorney General
Selected Fiscal and Policy Issues - Senate**

- Agency Requested Method of Finance Swaps.** In their Legislative Appropriations Request, the agency included a method of finance swap of \$15.2 million from General Revenue Dedicated Account 469, Compensation to Victims of Crime, to General Revenue. This swap would allow the agency to use available Federal Funds prior to their expiration to maintain funding for the Crime Victims Compensation program. Recommendations reverse this swap, as well as reduce Federal Funds by \$38,246,208 from the agency request, or \$23,546,208 from 2024-25 levels, to remove matching amounts associated with the swap.

The agency requested, and recommendations include, a second MOF swap of \$10,787,056 from General Revenue Fund 787, Child Support Retained Collections, to General Revenue within Strategy B.1.1, Child Support Enforcement. This swap was requested due to a projected decrease in the amount of Recovered Assistance available.

	<u>MOF Swap Within GR</u>	<u>GR Fund 1</u>	<u>GR Fund 787</u>	<u>All Funds</u>
B.1.1.	Child Support Enforcement	\$ 10,787,056.00	\$ (10,787,056.00)	\$ -
Total		\$ 10,787,056.00	\$ (10,787,056.00)	\$ -

- Child Support IT Modernization Phase III.** Phase III is the final phase of the OAG’s Child Support IT Modernization Project (ChAMP) and is expected to begin operations in April 2025. According to the agency’s October Steering Committee update, Phase III is on time and on budget.

Strategy E.1.1 was created by the 86th Legislature specifically to facilitate Phases I and II of the modernization project. Of the \$19.8 million in General Revenue (\$58.4 million in All Funds) appropriated for this purpose, \$15.7 million in General Revenue and \$38.5 million in Federal Funds were removed, as they reflect the one-time needs of Phase III. The remaining \$4.1 million in General Revenue were reallocated to Strategy B.1.1, Child Support Enforcement, of which \$3.5 million is for ongoing maintenance of the project and \$0.6 million is to support salaries within that strategy. The agency did not request funding for this strategy in their request. Ongoing support of the ChAMP system in the 2026-27 biennium includes \$7.1 million in Federal Funds for a total of \$10.6 million for the biennium.

- Landowners Compensation Program.** The Office of the Attorney General's Landowners Compensation (LOC) program was established by the 88th Legislature to provide compensation of up to \$75,000 for property damage caused by trespass in connection with a crime related to the U.S.-Mexico border. The agency did not request General Revenue to continue the program in the 2026-27 biennium.

This program expires on the second anniversary of the date that all money appropriated for the program has been expended (Code of Criminal Procedure, 56.C.007). **The Legislature would need to amend the law or appropriate funding in the 2026-27 biennium to continue the LOC program.**

The agency provided the following cumulative claims data from the start of the program on September 1, 2023, through October 31, 2024:

Total claims received: 56
 Approved: 20
 Denied: 14
 Appeals: 2
 Duplicates: 10
 Closed: 26

Total awards through October 31, 2024: \$106,417

4. **Rider 7, Appropriation of Receipts, Court Costs.** The OAG collects court costs and attorneys’ fees from cases in which the state recovers penalties or damages. For budgetary purposes, these collections are recorded as Appropriated Receipts. The amounts collected do not relate to established fee rates or amounts, but instead, they are awarded to the OAG at the sole discretion of the courts. These collections are used by the agency for operations within Strategy A.1.1, Legal Services. Estimates for the total Appropriated Receipts anticipated to be collected in the biennium are included in Rider 7, Appropriation of Receipts, Court Costs, and are factored into the agency’s appropriations at \$27,000,000 per fiscal year. The rider also provides the agency appropriation authority for excess collections of up to \$10.0 million per fiscal year. The agency anticipates an unexpended balance of \$38,942,201 from the 2024-25 biennium, also included in recommendations. Additionally, Rider 7 requires the agency to maintain records related to receipts and distributions to court costs, following rules and procedures outlined by the Comptroller of Public Accounts. This language was added in the 88th Legislature to allow the LBB and CPA to independently verify Appropriated Receipt expenditure amounts reported in the agency’s LAR or Operating Budget. The Comptroller’s Office reviews the agency’s collections on a quarterly basis and has indicated that agency is in compliance.

5. **Attorney General Attorney Salaries.** 2024-25 General Appropriations Act Rider 40, Targeted Salary Increases for Attorneys, allocated \$6.0 million in General Revenue for each fiscal year to provide salary increases for Assistant Attorney Generals (AAGs) I-V. The agency supplemented this with \$2.4 million each year in Federal Funds for Child Support Enforcement. Prior to distributing targeted salary increases, the OAG realigned pay levels for each Attorney General classification level.

The agency submitted the following on implementation progress of these salary increases in FY 2024:

Position	Funding Allocated	Positions Funded
AAG I	\$ 643,798	69
AAG II	\$ 615,858	47.5
AAG III	\$ 1,226,511	82.8
AAG IV	\$ 3,211,043	207
AAG V	\$ 2,011,034	183.7
Total spent as of 8/31/2024	\$ 7,708,244	590

Additionally, per Rider 41, Assistant Attorney General Salary Increase Notification, the agency is required to report to the Legislative Budget Board salary increases for the following:

- Assistant Attorney General VI;
- Assistant Attorney General VII;
- Deputy Attorney General
- First Assistant Attorney General

According to agency reports, in FY 2024, there were 83 salary increases for Assistant Attorney Generals VI and VII, and 9 salary increases for Deputy Attorney Generals and the First Assistant Attorney General.

Recommendations include deleting both Rider 40 and Rider 41 as requested by the agency.

6. **Google AdTech Litigation.** The Office of the Attorney General’s lawsuit against Google is ongoing with a trial date expected in March 2025. The agency carried forward \$36,930,599 from the 2022-23 biennium into the 2024-25 biennium for this case. The agency projects expenditures of \$23,777,726 in FY 24 and \$13,152,873 in FY 25 to fully utilize available funding. Because the case will be completed in the current biennium, recommendations remove Rider 43, Appropriation for Outside Legal Counsel and Litigation Services, per the agency’s request.
7. **Victims Assistance Grants.** Through Strategy C.1.2. Victims Assistance, the Office of the Attorney General coordinates with law enforcement entities, prosecutors’ offices, other state agencies, and nonprofit organizations to provide grants and contracts supporting victim-related services. This assistance covers medical costs, lost wages, counseling, funerary costs, and other expenses authorized by law.

Total	\$ 95,628,129	\$ 95,703,992	\$ 75,793

Increase in funding is related to the biennialization of salary adjustments provided for in the 2024-25 biennium.

8. **Crime Victims Compensation Program: Performance Reporting.** The Office of the Attorney General (OAG) is charged with administering the state’s Crime Victims Compensation (CVC) Program, which provides victims of violent crime financial assistance for certain crime-related expenses. Expenditures are made through Strategy C.1.1, Crime Victims Compensation, using GR-D Account 469 and federal awards from the Victims of Crime Act.

Included in the bill pattern are changes to the Key Efficiency Measures for this strategy. These changes separate the Average Number of Days to Make an Award for Victim Compensation Claims from the Average Number of Days to Pay Forensic Sexual Assault Exams. This change is intended to clarify the agency’s performance metrics for the CVC program. For the key measure for the 2024-25 GAA, Average Number of Days to Analyze a Claim and Make an Award, the agency reported actual performance of 54.91 days. In contrast, the agency requested, and recommendations include, targets of 90 and 7 days, respectively for the Average Number of Days to Make an Award for Victim Compensation Claims and the Average Number of Days to Pay Forensic Sexual Assault Exams.

Related, the CVC program has lagged behind its target values for the amount of compensation awarded each fiscal year. The agency has primarily cited staff shortages for this trend. The agency reported Crime Victims Compensation awarded at \$58.7 million in FY 2023 and \$77.4 million in FY 2024. In contrast, the targets for those years were, respectively \$76.3 million and \$82.6 million.

9. **GRD Account 469, Compensation to Victims of Crime.** GR-D Account 469 consists of revenue generated from various legal fees and court costs collected by the state along with a federal matching amount calculated based on previous state expenditures. The majority of expenditures from the fund are used for the Office of the Attorney General’s Crime Victims Compensation (CVC) program. The table below identifies related funding across agencies for fiscal years 2023-2027.

Agency Program	Exp. 2023	Est. 2024	Bud. 2025	Rec. 2026	Rec. 2027

The account experienced revenue shortfalls beginning in 2020. In response, the 87th Legislature appropriated \$43.1 million in General Revenue into the account, and an additional \$54.7 million in the third called session from Coronavirus State Fiscal Recovery funds. In addition, the 88th Legislature did three Method of Finance swaps to reduce expenditures from the account, including:

- Replacing \$16.0 million for OAGs CVC program with Federal VOCA funds.
- Replacing \$28.4 million for OAGs Victims Assistance Grants with General Revenue.
- Replacing \$28.4 million for HHSCs Child Advocacy Grants with General Revenue.

In late 2024, the Federal Communications Commission (FCC) adopted a rule restricting the collection of telephone fees from prison inmates by state governments. These fees have historically been deposited by the state into Fund 469 as a major source of revenue for the fund. As a result, the agency predicts a loss of \$40,454,048 in revenue to Fund 469 in the 2026-27 biennium.

As a result of these factors, the estimated ending fund balance for fiscal year 2027 is \$75.4 million. The following table shows the revenues and balances of the account in fiscal year 2018 to 2027.

Source: Comptroller of Public Accounts Cash Reports for FY 2017 through FY 2023. OAG estimates for FY 2024 through FY 2027.

10. **GRD Account 5010, Sexual Assault Program Account.** GR-D Account No. 5010 was created to receive community and parole supervision and probation fees from individuals convicted of sexually related offenses, as well as professional fees collected from sexually oriented businesses. GR-D Account No. 5010 funds are used for grants to increase awareness and prevention of sexual violence, to aid victims of human trafficking, to support sexual assault nurse examiner programs, and to increase services across the state for victims of sexual assault. The chart below shows revenues and balances for the account from fiscal year 2018 to 2024.

Source: Comptroller of Public Accounts Annual Cash Reports for fiscal years 2018 through 2024.

Aside from the Office of the Attorney General, appropriations out of GR-D Account No. 5010 are made to the Supreme Court (SCOT), the Governor’s Office Trusteed Programs, the Department of Public Safety (DPS), and the Health and Human Services Commission (HHSC).

Office of the Attorney General

Summary of Federal Funds (2026-27) - Senate

Total \$469.1M

Selected Federal Fiscal and Policy Issues

Federal Funds decrease by \$42.2 million from 24-25 to 26-27. This is largely attributable to a \$40.6 million reduction in Child Support Enforcement (CSE).

CSE funding declines due to a reduction in GR and GR-D allocations for the program. As expenditures drop, the agency's 66% Federal Match Reimbursement Rate also decreases, leading to a reduction in overall funds for this program.

Programs with Significant Federal Funding Changes from 2024-25

**Office of the Attorney General
Rider Highlights - Senate**

Modification of Existing Riders

1. Capital Budget. Recommendations include amounts for the following projects:

Agency Rider Requests Not Included

A)	<p>Deletion of Rider 28, Major Information Resource Projects Oversight. The agency requests to delete Rider 28 as they have no information resources projects greater than \$25.0 million in the 2026-27 biennium. This rider requires Executive Steering Committee oversight for any projects that exceed this amount. Recommendations maintain this rider in the agency's bill pattern.</p>					
B)	<p>Deletion of Rider 29, FTE Expenditure Limitation. The agency is requesting deletion of Rider 29 which restricts allowable uses for funds appropriated to Strategy B.1.1, Child Support Enforcement, and Strategy B.1.2, State Disbursement Unit. Recommendations retain this rider in the agency's bill pattern.</p>					
C)	<p>Deletion of Rider 34, Child Support Enforcement Salary Limitation. The agency is requesting deletion of Rider 34, which requires LBB approval for salary increases in Strategy B.1.1, Child Support Enforcement, in excess of 2 percent in each fiscal year.</p>					
D)	<p>Modification of Rider 36, Legal Services Transferability and Reporting. Rider 36 requires that the agency submits a quarterly report on Full-Time Equivalents (FTEs) to the LBB that includes specific data points and additional information as requested. The agency is requesting to delete the portion of the rider specifying the type of information to be included in the report and replacing it with a report required by the State Auditor's Office. Recommendations retain this rider as currently written in the agency's bill pattern.</p>					
E)	<p>Deletion of Rider 42, Government Code Implementation. The agency is requesting deletion of Rider 42, which prohibits the agency from using funds appropriated in its bill pattern to make payments related to settlements or judgements against the agency under Government Code, Chapter 554. Recommendations retain this rider in the agency's bill pattern.</p>

F)	Modification of Article IX, Section 17.11, Human Trafficking Prevention Coordination Council. The agency is requesting deletion of subsections (b) (c) and (d) of this section, which describe the OAG's role in the Council and the Council's Strategic Plan and reporting requirements. Recommendations retain this section as currently written.						

Agency Exceptional Items Not Included (in agency priority order)

1)	Salary Increases for OAG Staff. Agency is requesting additional funds for salary increases. The OAG cites that their average salaries are \$6,000 lower than the average at other Article 1 agencies, in addition to issues with employees leaving for higher pay at other state agencies. The funding will cover a 6% pay raise in each of the 2026 and 2027 fiscal years. Funding is split across six strategies.	\$37,019,499	\$62,625,825	0.0	No	No	\$84,319,738
2)	OAG Law Enforcement Agency. Agency is requesting additional funds to support their Law Enforcement Division, which includes the Criminal Investigations Division (CID) and Medicaid Fraud Control Unit (MFCU). According to the agency, CID is reliant on unstable revenue sources (i.e. asset forfeitures and grants) which this item looks to address. In addition, the agency currently relies on one-time lapsed salaries and unfilled positions to fund MFCU's operational expenses and 25 percent matching requirement for Federal Funds. The request includes \$1,336,191 as an IT project for various software components.	\$5,384,378	\$9,169,562	0.0	Yes	Yes	\$9,169,562
3)	Law Enforcement Staff Increase. Agency is requesting an additional 14.0 FTEs, including 13.0 Commissioned Peace Officers (CPOs) and 1.0 Systems Analyst to address an increase in workload.	\$5,056,681	\$5,056,681	14.0	Yes	Yes	\$3,998,368

4)	Agency Security Personnel. Agency is requesting additional funding for security personnel for Capitol Complex buildings. OAG anticipates a need for ten additional personnel for the Facilities Security Unit (FSU) to monitor the Lavaca Building upon its completion, as well as to maintain coverage of the William P. Clements and Price Daniel Buildings. Agency states FSU is overburdened and cites an increase in incidents at the Capital Complex. This request includes two security guards, six Certified Peace Officers (CPOs), and two supervising CPOs.	\$3,217,691	\$3,217,691	10.0	No	Yes	\$3,243,472
5)	Legal Services Optimization System. Agency is requesting additional funding to upgrade their case management system. This will allow for increased volume and complexity of legal cases. According to the agency, outputs include reducing processing times, improving data security, improving investigative capabilities, cost savings, and increased alignment with strategic goals.	\$14,179,440	\$14,179,440	0.0	Yes	Yes	\$7,819,682
TOTAL Items Not Included in Recommendations		\$64,857,689	\$94,249,199	24.0			\$108,550,822

Notes:

a) The State Auditor's Office Reports, Executive Compensation at State Agencies (Report 25-702, October, 2024), does not indicate market average salaries for elected officials. The salary for the Attorney General is a public policy decision that is not tied directly to the market average for similar professional positions. The agency is not requesting any changes to its exempt position.

b) The State Auditor's Office is the source for the FY 2023 and FY 2024 annual average (actual) FTE levels. In 2023, the agency expended 442.6 FTEs below their cap, or 10.5%. In 2024, the agency employed 362.8 FTEs below their cap, or 8.5%.

c) Certain position titles at the Office of the Attorney General do not count towards the agency's FTE cap, and are not shown here.
